yes, we have that on the schedule. confirming with MN that we want to keep it and discuss anything.

the items we could briefly discuss are

1. Has MN discussed his suggested changes to DWR's proposed Purpose statement for Delta Conveyance?
2. How will that milestone be memorialized? Email? Letter exchange on letterhead? Could Corps CC us?

The next Corps-EPA coordination meeting is 7/31 -- but I will be on vacation.

Something for you and Tom and I to discuss is that DWR explicitly stated at last week's meeting that they do not want feedback from us on the proposed P & N statement and that they prefer us to work that out with the Corps. Should we request that DWR put that in writing?
